Police Points.

Frank Dill was fined \$1 and costs by Justice Hawes this morning for intoxication. The prisoner gave security for payment and was released.

Nick Meyers is locked up in the county jail for getting on a drink, smashing up furniture, resting on a roof and making himself a terror generally.

Which Will You Choose?

Will you vote for a man who, while preaching prohibition from the pulpit, sells whisky over the counter of a country drug store, or one who tells you what his principles are and stands by them? In other words, will you vote for a hypocrite or an honest man? Which is the safe man to trust with an important county office?

Coming Spectacles.

Dr. and Mrs. Calvin Treadwell and Messrs. Charles C. Treadwell and John F. Cook left last evening for Minneapolis, where, on tomorrow evening, Mr. Harry Treadwell, of that city, is to be joined in wedlock to Miss Langdon, a wealthy young lady and leader in Minneapolis society. The affair is looked upon as an event in the society of the Minnesota metropolis.

Miss Henderson of this city, is to be married Thursday night, at the residence of Capt. T. J. Robinson, to Dr. R. W. Salsbury, of Spirit Lake, Iowa.

Too Big for Its Shoes.

The Rock Island Silver Plating company which was instituted here two months ago, is in trouble already. The difficulty is not in the sense of an embarrassment, but the fact is, the institution has gotten too big for its shoes. It has outgrown its clothes and they cannot be made over to fit it, hence the company is looking for new and more commodious quarters. The business has grown so rapidly and continually since work was commenced that the rooms at the corner of First and Second streets have not the capacity to accommodate it, and the company is looking about with intent upon securing more room. The old mill property on Eighteenth street and Fifth avenue is talked of among other sites.

Fire.

Tonight at Harper's theatre, for the benefit of the Rock Island fire department, "One of the Bravest" will be given for the first time in this city. There should be a large attendance. The New York Herald says of the piece:

"The drama, 'One of the Bravest,' with Charles McCarthy as Larry Howard, 'a brave fireman,' supported by a host of other equally capable actors, was presented at the Grand opera house last night. This drama abounds in many strong situations, such as a burning building, the rescue of the inmates by scaling ladders, persons jumping from windows into a canvas held by firemen, and other new and novel features. The company has played for fire companies in various parts of the country, and the press speaks highly of it and the play."

Court Killings.

The jury in the Parry vs. Malcom case returned a verdict for the defendant this morning.

Ream Smith and Chas. Browning, burglary; copy of indictment, lists of witnesses and jurors furnished the defendant.

Conrad Ward, copy of indictment, etc., furnished; arraignment: plea of not guilty.

Mary York, copy of indictment, etc., furnished; arraignment: plea of not guilty.

James Boeger, murder; motion by defendant for an affidavit by Monday of the sixth week; motion by defendant to quash indictment; motion overruled; arraignment in open court, plea of not guilty.

Geo. Lambert, robbery; copy of indictment, etc., furnished; arraignment: plea of not guilty.

John Mulligan's Murderer.

The following is a copy of the verdict rendered in the case of the murderer of John Mulligan of this city, by a policeman at Beatrice, Neb., two weeks ago, and heretofore described in the Argus-State of Nebraska, Grand County—see.

At an inquest held at Beatrice on the 20th day of Sept. 1886, before Mr. F. M. Somers, coroner of said county, upon the dead body of John Mulligan being dead, by the jurors whose names are heretofore subscribed, the said jurors on their oath do say:

That said John Mulligan came to his death by means of a shot from a revolver in the hands of one John Jones, a large policeman, and that said shot was fired on the 18th day of Sept. 1886, in Grand county, Neb., and that said John Mulligan died from the wound caused by said pistol shot, on the 19th day of Sept. 1886, in said county, and that the said death was caused by the said John Jones feloniously.

A Serious Accident.

Mr. and Mrs. J. S. Woods with their two children, were driving on the cemetery road south of the city yesterday afternoon, when the breeching broke, and the buggy ran up against the horse with such force that the occupants were thrown to the ground with fearful force. Messrs. Oliver Olsen and Frank Welch came along in Mr. Olsen's buggy just as the accident happened, and they assisted Mr. and Mrs. Woods and their children up, and Mr. Olsen brought them home in his buggy. They were visited by Dr. Kinyon at their home on Third avenue, between Ninth and Tenth streets last evening, and Mrs. Woods was found to have sustained the most severe injuries. Her left shoulder was dislocated and her arm painfully bruised. Mr. Wood had suffered a severe scalp wound and received several bruises.

Two young men found the rig in the road afterwards, and took possession of it, not knowing that the harness had given way. The horse ran away, and one of them—Ashby, by name—was thrown out and severely injured.

THE SONG SERVICE.

Interesting Exercises at the First M. E. Church Last Evening—A Pastor's Parting.

"LOVED ONES IN HEAVEN."

On the occasion of the occupancy for the last time of the pulpit of the First M. E. church by the Rev. R. G. Pearce last evening, an interesting song service took place under the title of "Loved Ones in Heaven." In harmony with this topic other subjects were read, with appropriate verses from the bible, and the whole was interspersed with vocal music.

The services opened with music—singing of hymn 1038—by a chorus of thirty-five voices under the leadership of Mr. E. W. Spencer. Rev. Pearce offered prayer, and after a solo by Mr. Will Collins and chorus by the choir, the first topic was taken up. It was "The Home of Our Loved Ones," Mr. Charles Adams reading from Revelations, the twenty-first chapter, the first four verses, and Miss Minnie Bowen from the twenty-second chapter of the same book.

"The Gathering Loved Ones" was the subject upon which Mr. Wesley Philip read five verses from the Psalms, and Miss Ida Wilcox from the book of Matthew, twenty-first chapter and thirty-first verse. This was followed by a duet by Misses Ella and Gertrude Wilcox, "Songs of Redeeming Love."

Then came the subject: "We Shall Know Each Other Then," and Mrs. Pichard read from the third chapter of First Corinthians. A duet by Misses Lucy Coyne and Dolly Daly, followed.

Mr. J. T. Nofsker read from the first to the fifth verse of the twenty-fourth chapter of John, verses appropriate to "They Wait to Welcome Us" Singing by the chorus came next.

"The Joyous Meeting," was the subject of scripture reading by Miss Ella Wilcox, who took verses from the thirty-fifth chapter of Isaiah. Chorus singing came next.

Mr. Will Collins read from the seventh chapter of Revelations, verses of fitness to the topic, "The Triumphant Multitude," and this was followed by chorus singing.

Then came the "Fulfillment of Joy," in which verses were read as follows: From First Corinthians, second chapter and ninth verse, John Trueman; Matthew, third chapter, forty-third verse, Miss Flora Coyne; Psalms twenty-first chapter, eleventh, Miss Dolly Daly; Revelations, twenty-seventh chapter, fourth to seventh verses, Mr. E. W. Spencer. The chorus sang hymn eighty-six.

THE PASTOR'S PARTING WORDS.

Rev. R. G. Pearce, who has been pastor of the church for three years, which, according to the doctrines of the M. E. denomination, is the length of time he may remain with one congregation, then delivered his parting words. It was an impromptu address, very brief, but impressive, and full of affection for the congregation he must separate with, and with whom his relations had always been the pleasant. During his pastorate here, Mr. Pearce said he had received into the church by letter of fellowship and from probation, 195 persons; he had dismissed by letter 30; there had died 12; he had baptized 32; he had married 55 couples; paid 2,400 pastoral visits, and during the last year had raised for benevolent purposes the following amounts: For missions, \$550; church extensions, \$66; freedmen, \$56; American Bible society, \$76; Women's Foreign Missionary society, \$213; home missions, \$50; other collections, \$109. Mr. Pearce then bade the congregation farewell, and after the singing of "Home, Sweet Home," the beautiful song service was at an end.

Mr. Pearce leaves for Peoria this week to attend the M. E. conference, at which his successor will be chosen, and when he will be assigned to a new field. Mr. Pearce came to Rock Island from Monmouth three years ago and has been respected in the community, as he has been esteemed and beloved by his congregation.

Runs From the Headlight.

M. S. Bledsoe, publisher of the Western Railroad, of this city, is now a Pullman "con" and is running between this city and St. Louis.

It is rumored that the Chicago, Burlington & Northern is contemplating an extension up the Chippewa valley toward Lake Superior.

The Pullman Palace Car company's statement for the year ending July 31, shows surplus earnings after the payment of dividends, of \$1,250,000.

John Volk & Co., have received the contract for the construction of twenty-two depots for the C. R. I. & P. extensions in Nebraska at a cost of \$60,000.

Trainmaster Stanton, of the Rock Island and St. Louis division of the C. R. I. & P. is in the city today arranging for "Veiled Prophet" trains out of Rock Island for St. Louis tonight. A train of twelve coaches and several sleepers will leave at 8:30, and at Monmouth the train will be made up to divisions, more coaches being added, and two solid trains will run from there down. Trainmaster Stanton will have personal charge of the trains, so that all possible danger or delay will therefore be avoided.

Consequent upon Mr. Paul Morton's promotion from the position of first assistant general freight agent to that of general passenger agent of the Burlington road, the following circular has been made public by that company:

"Mr. Paul Morton having been promoted to the general passenger agency, and the position of first assistant general freight agent being consequently vacated, that position is being filled by Mr. J. S. Bartle, and Fred Rogers are appointed assistant general freight agents, dating from Oct. 1, 1886." Mr. Rogers was formerly general agent at Pittsburg.

THE RIVER.

Loss of the Steamer White Eagle—Upper Mississippi Improvements, Etc.

THE WHITE EAGLE SUNK.

The three-theory superstition of steamboatmen is again forcibly verified. Within less than three weeks two St. Louis steamers have gone to the bottom of the river and proved complete wrecks. The third followed yesterday in the freight steamer White Eagle, of the St. Louis and St. Paul Packet Company's line. She sank in 61 feet of water at 10 o'clock Wednesday night, near Lynxville, Wis. It is not known whether she can be raised or not. She was downward-bound from St. Paul to St. Louis with a big trip of freight. Her value is about \$5,000, on which there is no insurance. It is probable that a considerable portion of her cargo will prove a loss. The White Eagle was in command of Capt. James Johnson, a well-known steamboatman. She was a stern wheel packet, and old as the hills.

UPPER MISSISSIPPI IMPROVEMENTS. General Barnard, the head of the United States engineer's bureau, says that the work on the upper Mississippi river is no longer experimental, but certain of good results, and the government is now provided with equipments in the way of steamboats, barges, etc., sufficient to carry on operations on an enlarged scale. The only obstacle is the small size of the appropriations. However, the last river and harbor bill contained an appropriation of \$775,000 to be expended on the river between the mouths of the Ohio and Illinois rivers, under the direction of United States Engineer Ernst; \$150,000 for the district between the Illinois river and Des Moines rapids, to be expended by Capt. C. G. Rufman; \$382,500 for the district from Des Moines rapids to St. Paul and \$97,500 for a reservoir at the head waters, to be expended under Maj. Alexander McKinnis's directions, and \$24,250 on Des Moines' rapids canal and \$48,750 for dry dock at Des Moines to be built by Captain E. G. Rufman.

RIPIETS.

The Sidney will clear for St. Paul tomorrow night.

The Mary Morton is expected down Thursday evening.

The water is again receding at this point.

The St. Paul passed going south Saturday evening, with a fair passenger list.

The Pittsburg went south Saturday night with a big trip for the Veiled Prophet and other attractions at St. Louis. She will be back Saturday.

He is for Millits.

ROCK ISLAND, Oct. 4.—I am surprised and mortified at the language used by Rev. A. R. Morgan, the republican candidate for sheriff, at Moline last Friday night. It was simply outrageous and unwarranted. Allow me to say that I have known Sharp Silvis for the past 20 years, and I have never known him to do a dishonest thing in his life. As for honesty, the noblest element of manhood, there is not a man in Rock Island county that stands higher than he. He is not only honest, but magnanimous. I have known him time and again to give pecuniary assistance to me, and when others refused for want of sufficient security, he is liberal and generous to a fault, and while I did not intend to vote for him simply for political reasons, Morgan's unjustifiable attack has induced me to change my mind. From this on I propose to use my influence for Mr. Silvis, and I know many of my republican friends who will do the same. I know it to be a fact that half of those who will vote for Morgan will do so against their better judgment. Personally they care nothing for him, and think he is a demagogue, but they do not like to "scratch." There will be enough of us, though, who will "scratch," to insure the election of Sharp Silvis by a good round majority.

A Good Investment.

Anyone who has ever dealt in lands, knows that no investment of money will so surely and quickly yield a return, as such a venture in carefully made. To the absolute safety of a government bond, is added a profit far in excess of rate of interest which can be obtained on any safe loan. In Kansas and Nebraska especially lands are raising in value very rapidly and with a steady growth which gives assurance of stability. The good season and the great tide of immigration into these states has made investment there doubly safe and desirable. The climate of Southern Nebraska and of Kansas, free as it is from the long rigorous cold winter, adds to a soil unsurpassed for richness and productive capacity, has made possible the wonderful development of these states. To the farmer they hold out special inducements. Cheap land, easy terms of purchase, good markets and varied products enabling him to own his farm at a smaller cost and with less labor than is required to pay rent for the land he occupies here, or the interest on the money he has invested in it.

If you are looking for a safe place to invest money, where it will pay you a large and sure profit, or if you are a farmer and want a farm of your own, call on me and see what I have to offer. I will make the visit profitable to you. Office over American Express office, Rock Island, Ill.

Hon. P. O'Mara and Maj. J. M. Beardsley have returned from Chicago, where they interviewed the executive department of the state central committee. They went after "hoodle" to carry the Eleventh congressional district for Gest. They will need a small gold mine to achieve their object.

Gest has at last come out for Morgan, but it was a bitter pill to swallow after the person had said that he opposed Gest would not be nominated for congress, as he was so unsuitable in his manners, possessed of no magnetism, and would be a heavy weight for the county ticket to carry. The reconciliation took place at Moline last Friday night.

The funeral of George Cornwall of Stewartville yesterday afternoon was large, and attended by nearly all the old settlers in the city. Mr. Cornwall was a Canadian by birth, but emigrated early in life to the states. He came to this state in 1853, and to Moline in 1863, remaining here since. He was seventy-five years of age and his death is attributed more to advanced years than other causes. He had been confined to his room for about fifteen months. He leaves a wife, two sons, and five daughters, all provided for.

The Sunday Republican calls the Argus many hard names—says it is low down and etc., and that it is not a decent paper. The Argus never printed as vile and abusive language as the Republican said in reference to Mr. Chas. H. Deere, and Mr. Ball, men who helped Kennedy & Co. to all the fame and fortune they now enjoy, by giving them a start in this city several years ago, and for which friendship the ingrate Kennedy has become their mortal enemy. The article in yesterday's paper must have been written after the veteran editor (?) had interviewed the Dawson.

Paul Strasfky, the landlord of a saloon and boarding house on Second avenue, had a visitor from Rock Island Saturday of the colored persuasion, who gave the name of George Marshall. This visitor became very abusive, and to give force to his argument struck Mr. Strasfky and knocked the old man down. He was promptly taken in charge by the police, brought before Magistrate O'Neil and fined \$10 and costs. The fine was paid by some of his brethren here and he went back to the city where said he could do as he pleased without being interfered with by the police, thankful he has so good luck.

Sam Kennedy, of the Republican, and Isaac Dawson had a set-to on Saturday evening in which the veteran editor came off second best. It is very painful to have to record such things, but the truth should be told. Everybody knows Sam has an ugly tongue, and when under the influence of the stimulant he must have before he can do any work, that tongue becomes master of the sober Sam. It was when the servant of alcohol he was induced to call Mr. Dawson a bad name, for which he was promptly knocked down, and the tongue again being under the control of Sam's worst enemy, said something more for which he was again hit the dust. Sam should re-enter the church choir and quit this kind of business.
